

My Damn Channel is an entertainment studio and new media platform created to empower filmmakers, actors, comedians and musicians to co-produce, distribute and monetize original, episodic video content. Programming is created for www.MyDamnChannel.com and for distribution on major portals, social networks and all other digital platforms. My Damn Channel has offices in New York and Los Angeles.

CONTENT AND VIDEO MANAGER JOB DESCRIPTION

Summary

The Content and Video Manager is responsible for the organization and publishing of all content assets on MyDamnChannel.com.

My Damn Channel is looking for a versatile, uber-organized person with inexhaustible dedication and energy to join our small, passionate team of web video fanatics.

Key Responsibilities

- Coordinating, receiving, QC-ing and publishing all graphics, copy and videos from content creators.
- Creating asset delivery documents for all content partners and creators
- Creating, designing (in collaboration with content creators) and publishing new channel pages and site graphics.
- 24-7 support for Ad Sales trafficking team.
- Collaborate with Site Programmer on continuously developing site upgrades and improvements.
- Edit MyDamnChannel promos.
- Maintain asset libraries.

Required Skills

- Deep understanding of all technical aspects of online video (e.g. codecs, compression, etc.)
- Working knowledge of HTML and CSS.
- Thorough knowledge of:
 - Photoshop
 - Illustrator
 - Flash
 - Final Cut Studio
 - FTP clients
 - Squeeze
 - Quicktime Pro
- Experience using Content Management Systems.
- Excellent design taste.
- Irrationally passionate, obsessively organized, detail-oriented to the max, rolls with the punches, lacks the whiner gene.

Bonus Skills

- Strong, attitudinal copy writing ability.
- SEO strategy experience.
- Well-defined funny bone.

How To Apply

Submit resume, links and an extremely convincing cover letter to jobs@MyDamnChannel.Com.
